SECO

MySECO Web Portal Feature:

How do I access MySECO using DS Logon?

The Department of Defense Self-Service Logon is a secure, self-service logon ID that allows DoD and Veteran Affairs affiliates to access several websites using a single username and password. The DS Logon is the same process you use to access other online services like TRICARE, for example.

How does it work?

You must be enrolled in Defense Enrollment Eligibility Reporting System, or DEERS, to create your Department of Defense Self-Service Logon, or DS Logon account.

MySECO uses DS Logon to verify that you are eligible for services.

My Access Center

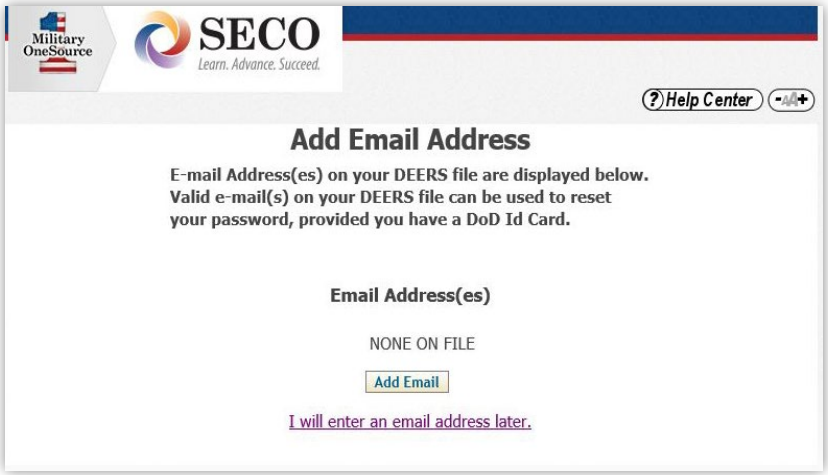
1 From the MySECO landing page click 'Take Me There' or 'Login' to link to My Access Center — your connection point between DEERS and MySECO.

For more information, visit MySECO at **https://myseco.militaryonesource.mil/**.

2

If you are an existing DS Logon user, enter your username and password, then click 'Login' to proceed.

If you don't have a DS Logon account, you'll need to create one to access MySECO. Click 'Register' to get started.



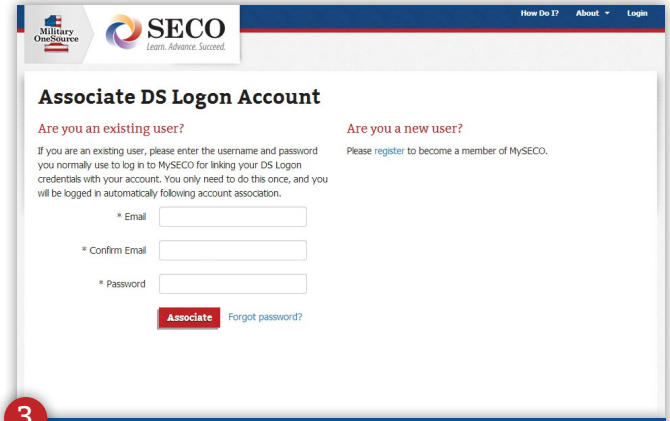
Create a DEERS email address!

To bypass this screen when visiting MySECO, add an email address to your DS Logon account. This process is managed through My Access Center.

Need Help?

You can get help with your DS Logon account by:

- Visiting the My Access Center Help Center
- Calling the DMDC/DEERS Support Office at 800-538-9552
- Check out the 'How Do I?' section in the top right corner of the MySECO website



3

Once you're authenticated using DS Logon, you'll be returned to MySECO.

Associate your MySECO account with your DS Logon account in two ways:

1. For existing MySECO users, enter the email address and password you used previously to access your MySECO profile. Then, click 'Associate' to link your accounts.
2. If you are new to MySECO, click 'Register' to begin the MySECO registration process.

4

You will use DS Logon each time you log in to MySECO by clicking the 'Take Me There' button in Step 1 or by clicking the 'Login' button.

Congratulations!

Check it out!

You only need to associate your MySECO account with your DS Logon one time.
