

## MySECO Feature:

**How do I access tools exclusive to eligible military spouses?**

The Department of Defense Self-Service Logon is a secure, self-service logon ID that allows DoD and Veteran Affairs affiliates to access several websites using a single username and password. The DS Logon is the same process you use to access other online services like TRICARE and MyCAA for example.

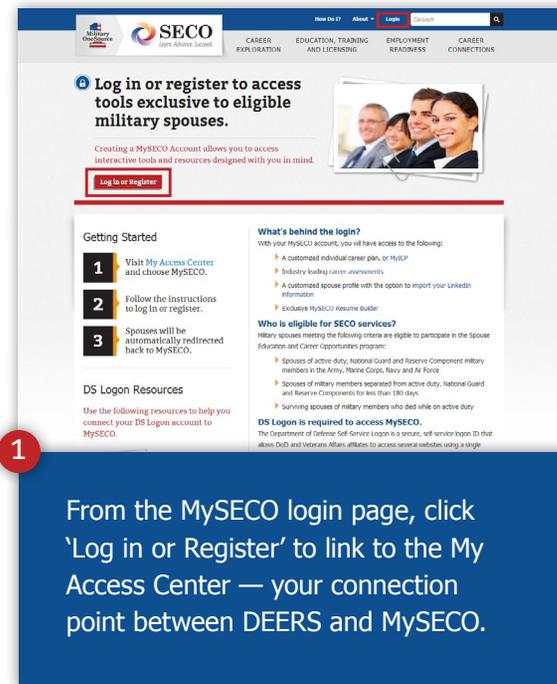

## How does it work?

My Access Center

MySECO uses the Department of Defense Self-Service Logon service to access tools offered exclusively to military spouses.

You must be enrolled in the Defense Enrollment Eligibility Reporting System, or DEERS, to create your Department of Defense Self-Service Logon, or DS Logon account.

2

If you are an existing DS Logon user, enter your username and password and then click 'Log in' to proceed.

If you don't have a DS Logon account, you'll need to create one to access MySECO. Click 'Register' to get started.

The screenshot shows the SECO 'DS LOGON' page. At the top left are the 'Military OneSource' and 'SECO' logos. A 'Help Center' link is in the top right. The main heading is 'DS LOGON' with a question mark icon, followed by 'Department of Defense Self-Service'. Below this are two input fields: one for the username 'debra.holland' and one for a password represented by dots. There are links for 'Forgot DS Logon Username?' and 'Forgot DS Logon Password?'. A 'Login' button is below the password field. At the bottom, there are four options: 'Need a DS LOGON?' with a 'Register' button, 'Have a DS LOGON activation letter?' with an 'Activate' button, 'Need to upgrade your DS LOGON?' with an 'Upgrade' button, and 'Need to manage your logon profile settings?' with a 'Manage' button. Red boxes highlight the 'Register' button, the username field, and the password field. Three orange arrows on the left point to the top, middle, and bottom sections of the page.

## Need Help?

You can get help with your DS Logon account in the following ways.

- Visit the My Access Center Help Center.
- Call the DMDC/DEERS Support Office at 800-538-9552.
- Check out the 'How Do I?' section in the top right corner of the MySECO website.

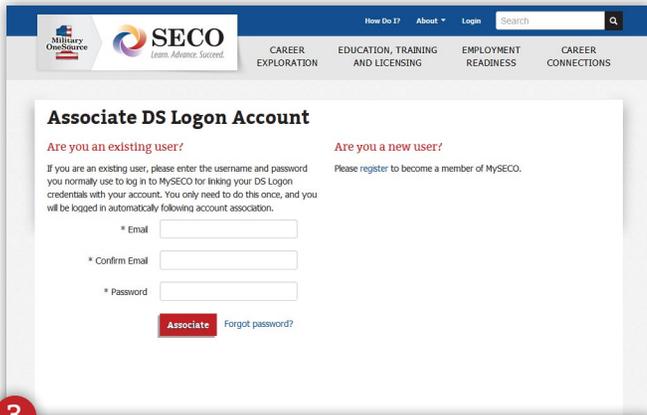

The screenshot shows the 'Add Email Address' page. It features the 'Military OneSource' and 'SECO' logos at the top. A 'Help Center' link is in the top right. The heading is 'Add Email Address'. Below the heading is a paragraph: 'E-mail Address(es) on your DEERS file are displayed below. Valid e-mail(s) on your DEERS file can be used to reset your password, provided you have a DoD Id Card.' Underneath, there is a section titled 'Email Address(es)' with the text 'NONE ON FILE' and an 'Add Email' button. At the bottom, there is a link: 'I will enter an email address later.'

### Create a DEERS email address!

To bypass this screen when visiting MySECO, add an email address to your DS Logon account. This process is managed through the My Access Center.

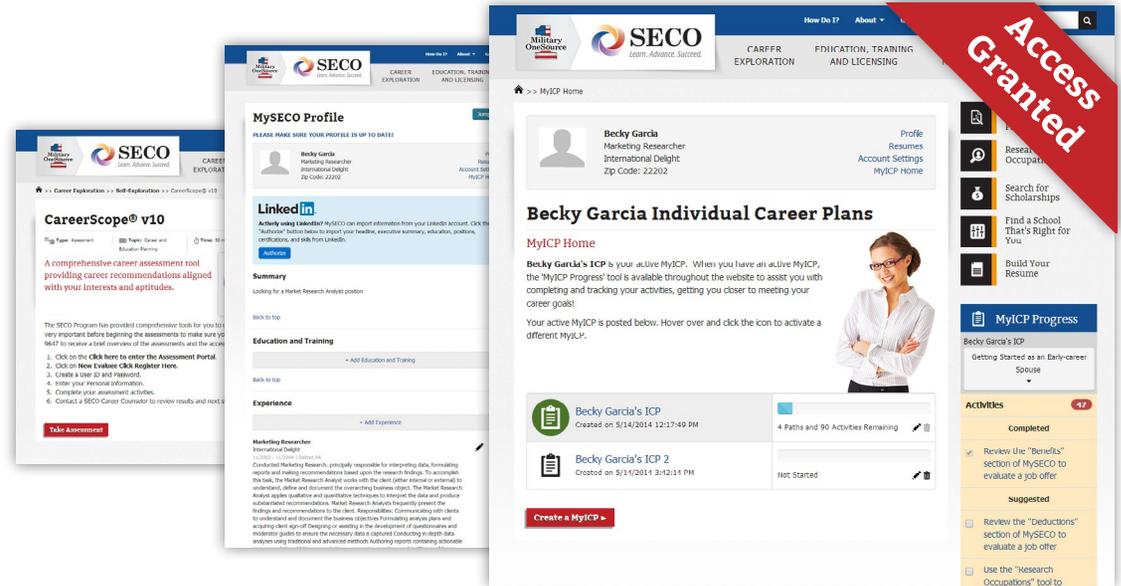

2

Once you're authenticated using DS Logon, you'll be returned to MySECO.

Associate your MySECO account with your DS Logon account in one of the following ways.

1. For existing MySECO users, enter the email address and password you used previously to access your MySECO profile. Then, click 'Associate' to link your accounts.
2. If you are new to MySECO, click 'Register' to begin the MySECO registration process.

You will use DS Logon each time you log in to MySECO by clicking the 'Log in or Register' button in Step 1.

**Congratulations!**

*Check it out!*

You only need to associate your MySECO account with your DS Logon one time.
